

## Club Time Lesson #13 – You Were Made For This!

---

**OBJECTIVE:** Students will learn what it means to be created with a purpose.

---

**GAME:** (Please choose from folder)

**READ & DISCUSS:**

I wanted to talk about purpose tonight. To get us started I have some pictures of different things. I'll show them to you one at a time and you tell me what they are 'for'. (Show the attached pictures and/or bring items from home that you can show the kids.)

- Do you think everything was created with a purpose?
- What do you think we were created for?
- Can you think of anything that has been created but has no purpose at all?

**Read Colossians 1:16**

- So everything was created **for** Jesus? What does that mean?
- What are we supposed to do for Jesus?
- If we know that Jesus created us and He created us for a purpose what can we deduce about Jesus? What can we tell about how He feels about us?

Let's look at one more picture (telescope).

- What is this for?

A telescope brings something immense up close so we can see it better. When we look at the stars in the night sky they look like small, sparkly dots. When we use a telescope – it brings that distant star up close and we can see just how awesome it is. That's called magnifying. Everything Jesus created was to magnify God, or to bring Him glory.

---

**CLOSING THOUGHTS:** Jesus did that for us. He glorified God. He showed us what God was like. And we can show other people what Jesus is like. We can magnify Him! Will we live up to what we were created for? But, once we are forgiven we can begin to serve, love and worship God. That's what we were created for. We were created FOR GOD.
