---

**OBJECTIVE:** Students will learn what it means to love God and to be loved by God.

---

**GAME:** (Please choose from folder)

**READ & DISCUSS:**

What did we learn last week about following Jesus? Jesus wasn't just a guy who lived a good, clean life. He did do that and lived perfectly.

- Can we live perfect lives, never sinning?

**Read ROMANS 5: 6 – 8**

- What does verse say it means to sin?
- Who here has ever felt unloved because of something you did?
- Who here has ever disliked someone for something they did?
- Does God stop loving us when we sin? What does verse 8 say?
- What ways do we try to earn God's love?
- Can we earn God's love?
- If we believe that we can earn God's love by being good – how can we ever know we've been good enough?

**Read Romans 5: 9 – 11**

We talked about this last semester too, but it is worth repeating! We can never be good enough to get right with God. That's why Jesus came to earth and died for our sin. His sacrifice made us right with God.

- What does verse 10 say about us we were once God's \_\_\_\_\_ but now we are His \_\_\_\_\_!
- Have you ever considered yourself a friend of God? How is it possible?

**CLOSING THOUGHTS:**

Jesus's death for each of us means that even when we mess up, or do or say the wrong thing God's love for us will never end. That even while we were in Sin, Jesus looked at us and loved us!

**PRAYER:** Let's pray for the hearts to be able to accept God's love for us because God isn't a liar, so if He says it, it must be true!
