

Whiz Kids

2024

IMPACT REPORT

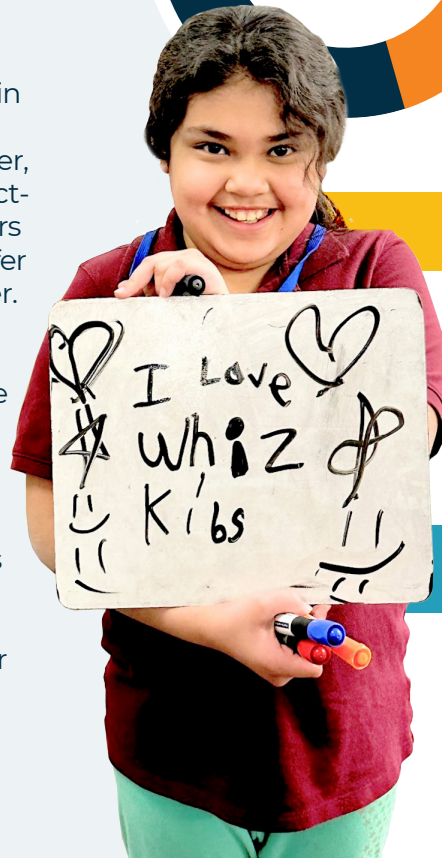

ABOUT OUR WHIZ KIDS

Dear Friends,

The foundation of Whiz Kids is centered on relationships. For more than 34 years committed staff and volunteers have walked alongside young people and shared both academic assistance and spiritual nurture. As students and tutors remain curious about one another and stay open to learning and growing together, bonds are formed, and lives are impacted. This reciprocal relationship matters to us. We each have something to offer the other—in fact, we need each other. In order for our programming to be sustainable we humbly collaborate with schools and churches all over the Denver Metro and surrounding areas who offer support and partnership so more students can be paired with a caring adult. What an honor it is to lead an organization where hundreds of volunteers and students offer their very lives to one another each week. We are better together. Thank you for being a part of this impactful work.

With gratitude,
Elly Conant - Executive Director
