

Club Time Lesson #6 – House on a Rock

OBJECTIVE: Students will learn about building their 'house' on the Rock.

GAME: (Please choose from folder)

READ & DISCUSS:

Read Matthew 7: 24 - 27

- Can anyone summarize the story Jesus told?
- From the story Jesus says people are wise if they do what? (verse 24)
- Is Jesus talking about building a house – are these good construction plans? What does he mean that wise men 'build their house on a rock'?
- What's the opposite of wise? And what does the foolish man do?
- Can someone put in their own words what Jesus is talking about – what is the point Jesus is trying to make?
- Is Jesus saying that when we listen and obey Him we will never experience 'storms' of life? How do we know that?
-

In both situations – the storms came and fell on the house of both the wise and foolish man. We're not spared from hard things just because we follow Jesus, but what He promises is that we will not fall.

CLOSING THOUGHTS:

So far this year we've learned that there is a God, He created the world. He knows the way it should work and if we listen to His word and follow Him we will not be destroyed when we experience hard times.

PRAYER:
